**Old Business:**

- **Beech River & Annie Nichols Rd Parking:** Project is on hold but will remain on the agenda until further notice.

K. Eldridge mention having TJ Eldridge, PWD, come to a meeting to discuss the work to be done. Buchanan agreed. The secretary reported that McConarty had spoken with TJ Eldridge, who has agreed to come to a meeting to discuss the work to be done. It's just a matter of scheduling a meeting where everyone is in attendance. Buchanan explained how he would like to do a section each year by using his excavator with grappling thumb to grab and pull out the saplings and brush. The expensive part is the fabric material and mulch used to lay down as the weed barrier.

Buchanan questioned if the Conservation Commission needs to write a letter to Selectmen to investigate this violation. Eldridge commented that the Selectmen and ZEO are already aware. The CC members are requesting a response from the ZEO on the status of this situation.

**Any Other Business that May Come Before the Commission:**

Eldridge inquired what Susan Price, Commissioner for NH Fish & Game reported on public access to Big Dan Hole Pond through Terrace in the Pines Campground. The secretary stated according to Ms. Price; if the new owner of Terrace in the Pines closes public access to the pond Fish & Game will no longer stock the pond because they do not stock private ponds. Eldridge stated she spoke with the new owner and he says they are closing public access to the pond. Eldridge commented for the last 20 years it has been locally owned and operated and now American Campgrounds owns the property.

Gordon Pilotte inquired if the new owners are aware that Fish & Game will no longer stock the pond if they close public access. Eldridge stated the new manager is aware. Buchanan inquired if there is a road around the campground that the public can use. Eldridge commented there is a private road that goes out to the dam with a deeded right of way for the town and state but there is no boat ramp. Camp Sentinel in Tuftonboro has a boat ramp for small-sized motors. Discussion ensued on the size of boat motors allowed.

Buchanan reported that Ernie the Eagle has been catching fish on Duncan Lake but no one else is.

Eldridge inquired if there has been anymore news from the woman, who wanted to walk the Tamworth property. The secretary reported she has not heard anything more from the woman.
